

WELCOME TO THE HIGHLANDER FAMILY!

PARENT AND GUARDIAN INFORMATION 2019

Congratulations and Welcome!

Your student was recently admitted to UC Riverside and is now part of the Highlander family. So are you! This booklet provides resources and answers to some frequently asked questions that may be of interest to you.

This year, UCR registered its largest-ever number of applicants. The campus showed the largest percentage increase in transfer applicants and overall applicants in the UC system. UCR can only accept a fraction of those students, so the fact that your student was accepted speaks to their accomplishments and potential, and to the encouragement and support they have received from you along the way.

The next step is for your student to say **YES** to UC Riverside by submitting their **Statement of Intent to Register (SIR)** through their **My.UCR.edu** account by **May 1** for freshmen or **June 1** for transfer students. After that, we will provide more details on your student's future here! For now, this booklet is a good start to discover more about UCR and how we help your student succeed.

I hope to see you and your student here at our next **Highlander Orientation** in the summer to welcome you in person. If you have additional questions, please reach out to us directly at **(951) 827-3411** or email **admissions@ucr.edu**.

A PLACE THAT'S WORTH IT

admissions.ucr.edu/cost

Ranked by The Times Higher Education World University Rankings and Shanghai Jiao Tong University and as one of the world's top universities, UCR is above average academically and costs considerably less than many other schools when dispensed financial aid is considered (need-based grants and scholarships). In fact, 86% of our undergraduate students receive financial aid. Of those students, 70% have all of their system-wide fees covered with scholarships and grants.

Get more for your money.

Every registered UCR student has nationwide health coverage. Your student is automatically enrolled into UC Student Health Insurance Plan (SHIP) and can see a doctor and nurse on campus with no out-of-pocket expense. X-rays, lab work and even prescriptions are available.

Every UCR student also has access to the Student Recreation Center (SRC), a 155,000 square foot state-of-the-art facility for exercise, sports activities, swimming, events and general recreational use.

California lifestyle – for less.

The cost of attending UCR is extremely competitive compared to other private institutions in Southern California and other University of California campuses. Even better, the expenses associated with living in Riverside are considerably less than those of nearby metropolitan areas such as Los Angeles, Orange County and San Diego. Your student will enjoy an average of 277 days of sunshine a year, while being less than an hour away from beaches, mountains, deserts and major cities!

Tuition, Cost and Fees

UCR's undergraduate tuition and fees are \$15,675* — nonresident students pay additional fees. Visit admissions.ucr.edu/cost to see a breakdown of UCR's cost for all populations.

***Tuition and fees are estimates and are subject to Regental approval. Fees are of August 2018 and are subject to change.**

A PLACE THAT'S GENEROUS WITH FINANCIAL AID

financialaid.ucr.edu • (951) 827-3878

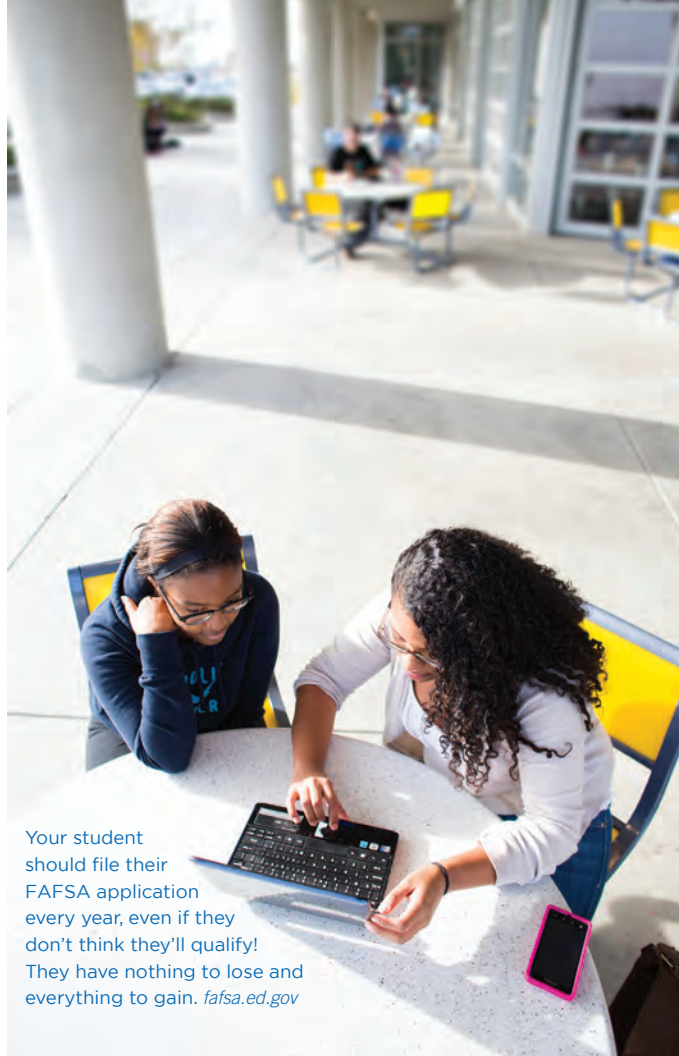

A UC degree is more affordable than you might think!

Nothing should stop your student from accessing UCR's world-class education — especially money. Grants, scholarships, loans and work-study are offered to qualified students by our Financial Aid office.

91 percent of UCR undergraduate students receive some form of financial aid, and 73 percent of those students had their full fees covered by grants and/or scholarships.

Remind your student to complete the Free Application for Federal Student Aid (FAFSA) online at fafsa.ed.gov every year by the priority filing of March 2 for the best chances of getting financial aid.

A note for Dreamers: The California Dream Act (AB 130 & AB 131) allows AB 540 students to be eligible for state financial aid. Students granted DACA should apply for California Dream Act, not FAFSA. dream.csac.ca.gov

Your student should file their FAFSA application every year, even if they don't think they'll qualify! They have nothing to lose and everything to gain. fafsa.ed.gov

FREQUENTLY ASKED QUESTIONS

You have questions. We have answers.
Discover more about how UCR will support
your student. go.ucr.edu/parents

How can parents get involved with the campus?

The support of parents and families plays an integral role in their student's experience at UCR. The Parents Association is an opportunity for parents to engage with the campus and stay connected with their student. All parents and families of current students are invited to participate. parents.ucr.edu

Why UC Riverside?

There are many reasons more than 23,000 students attend UCR each year. We are part of the prestigious University of California system, and are known for our impressive rankings, cutting-edge research, diverse student body, friendliness, and our easy access to everything Southern California offers.

admissions.ucr.edu

Do you have housing and dining options on campus?

Yes. Residence Hall housing for single first-year students is guaranteed as long as deadlines are met, and we have many dining options on campus. For transfer students, upperclassmen and students with families, we offer UCR Campus Apartments and Family Housing as well.

There are also many off-campus dining options within easy walking distance. housing.ucr.edu • dining.ucr.edu

Does my student need to have a car?

No. Classes, shops and dining are within walking distance of the university, and students have several options for distant locations, including taking the bus (students ride free on Riverside Transit Agency busses by showing their R'Card), Metrolink (just minutes away), the Zip Car rental service or asking friends with cars for rides. Anyone parking a car on campus needs to have a parking pass. Freshmen living on campus are not allowed to purchase a parking permit unless they are approved for an exemption.

parking.ucr.edu

Will my student get the classes they need to graduate in four years?

UCR has expanded the number of seats available in many classes as part of the university-wide Finish in 4 initiative. Students are encouraged to take 15 credits per quarter, meet regularly with their academic advisor, attend summer session and take advantage of supportive resources including the Academic Resource Center to complete their degree in four years. finishinfour.ucr.edu

Is UCR affordable?

Yes! We offer a range of scholarships/resources to help your student pay for college depending on your finances and need. Through FAFSA (fafsa.ed.gov) or the California Dream Act Application, students can apply for most aid with just one application. Meeting deadlines is important, so students should reach out to Financial Aid advisors with any questions about the application process. financialaid.ucr.edu

Will my student have things to do around campus?

There is always something going on at UCR! Students enjoy events such as UCR's two major concerts throughout the year, workshops, live performances, athletic events, theatre productions, speakers, celebrations, community service and leadership opportunities, more than 450 student organizations, and more than 40 fraternities and sororities.

events.ucr.edu • highlanderlink.ucr.edu

How can I help my student be successful at UCR?

Encourage your student to get involved and use the many resources available on campus, such as the Academic Resource Center, academic programs, library workshops, Ethnic & Gender Programs offices and special academic support programs within our Residence Halls. Your continued support and encouragement is also one of the biggest factors for success.

What medical resources are available for my student?

UCR's Student Health Services (SHS) is a full doctor's office and pharmacy on campus where students can go for checkups, medical visits and prescriptions. Students also have access to a dentist and optometrist. All students are required to have health insurance, whether it's UCR's medical insurance (UC SHIP) or their own private insurance. All students can use SHS, but the only insurance accepted there is UC SHIP; students with private insurance pay out of pocket for services. We also have an on-campus Counseling and Psychological Services (CAPS) office that is free to students who are currently enrolled at UCR and have paid registration fees.

Is my student required to have a laptop?

Students in the Marlan and Rosemary Bourns College of Engineering (BCOE) have a laptop requirement, with specifications listed at student.engr.ucr.edu/laptop.html. Otherwise, students are not required to have a laptop, but it is recommended. They can check out laptops through the HUB by using their R'Card (their UCR ID card), and can use the many computer labs available within various campus buildings and housing areas. Students also have access to printers.
